Rechabites to Celebrate Their Anniversary.

The Firemen's Tournament.

Calumet and Red Jacket Firemen Are Practicing Hard for the Event.

The third anniversary of Helping Hand Tent, No. 34, Independent Order of Rechabites, will be celebrated in Red Jacket on Saturday, July 18, 1896. A grand parade will be held at 2 p. m. and will be headed by the Red Jacket Cornet band. The line of march will be taken up through the principal streets of the village and location, terminating at the Light Guard Armory, where supper will be served. At 8 p. m. a grand concert will be given at the Armory, for which the following program has been prepared:

PART I.
Overture—"Dedication"—C. Rockwell
Red Jacket Band.
Prayer—Rev. E. W. Frazee.
Quartet—"We Are Wandering Down Life's Shady Pathway"—Miss Morney James.
Solo—"Snap Shot"—Miss Morney James.
Recitation—"The Drummer Boy"—Miss Morney James.
Polka—"La Belle"—Miss Morney James.
Red Jacket Band.

PART II.
Duet—"Pilot Brave"—Miss Annie Peltow and Mr. William Bishop.
Recitation—"The Drummer Boy"—Miss Libbie Warner.
Overture—"Snap Shot"—Miss Morney James.
Solo—"Father, Won't You Stop Your Drinking"—Miss Morney James.
Recitation—"The Drummer Boy"—Miss Morney James.
Solo—"How Can I Leave Thee"—Miss Morney James.
Duet—"The Drummer Boy"—Miss Morney James.
March—"The Drummer Boy"—Miss Morney James.
Red Jacket Band.

For the Tournament.

The Calumet and Red Jacket Fire company's hose team is in training for the annual tournament, to take place at Sault Ste. Marie in about a month, and the boys are in for all they can get. The team has been training regularly two and three times a week for the past few months, but now they have commenced training every night, and will keep this up until the tournament. They have got the various hose races down to a fine point, and are able to make very good time. The earnest efforts of the captains as well as the individual members of the team is already bearing fruit, and with the regular practice which they expect to get in from now until the tournament, they expect to make at least a respectable showing. Great results are not talked of among the members, however, as they are well aware of the good material the other teams of the peninsula have, and that they are practicing with the expectation of carrying off a large number of prizes.

In the individual races Calumet stands as good a show as any team in the peninsula, with, perhaps, one exception, as the Calumet team has two or three members who have records as sprinters, and who are going to uphold them to their own credit as well as Calumet's at the tournament.

The team practices on Elm street, and every night large crowds congregate to watch the races.

Are Pretty Well Rushed.

Contractor Thomas Brown, of Laurium, has erected several new residences in that booming village and has lately commenced work on a few new ones. He has started a force of men at work putting up two-story frame building for Frank Nowak on Kearsarge street. Vincent Wisnawski is having Contractor Brown erect him a fine residence on Tamarack street, which will probably be finished in a month or so. The other contractors are correspondingly rushed and have their hands about full. Dugal Campbell has a contract for a new residence for Mr. Kennedy on Pewabic street, and Samuel Trathen has commenced work on his new home on Oceola street. This will be a twelve-room house and fitted in the most modern style. Contractor Gribble is putting up a new house for Peter Laward in Holliman's addition to the village of Laurium. The foundation has just been completed, but Mr. Gribble intends to rush the work with all possible speed when once he gets it under way.

At the rate new dwellings are going up in Laurium, no one can doubt the future prosperity of the city, and the continual boom the town enjoys shows clearly that the citizens have perfect confidence in its healthy growth.

Annual Excursion.

Posters are out announcing the fourth annual excursion and picnic to be given by the Red Jacket and South Lake Linden Congregational Sunday schools to Portage Entry, on Thursday, July 23. A special train over the H. & T. L. railroad will leave the Red Jacket people to Lake Linden, where another train leaving at 8 a. m. will go to the smelting works, where the excursionists will be joined by the Lake Linden people. Music for the occasion will be furnished by the celebrated Red Jacket Cornet band. Two barges and two tug boats have been engaged to convey the excursionists. The picnic will afford a splendid opportunity to visit the Portage Entry stone quarries which are but a quarter of a mile distant from the picnic grounds. Boats will be rented to those who wish to enjoy a ride on the pleasant inland water. Refreshments of all kinds will be furnished on board.

The Caucuses.

At the several republican caucuses, held last evening, the following delegates were appointed to attend the township caucus, to be held this evening, at Calumet School Hall, at 8 o'clock:

Precinct No. 1—John Duncan, J. W. Downing, John Nekersie, Nat. Vivian, J. N. Cox, James Sharp, John Jory, and W. A. Childs.

Precinct No. 2—Thomas Sody, John Hutson, James Phillips, John George, Walter Hewick, James Ramsay, William Sody, and George Rowe.

Precinct No. 3—John S. Drymoch, William B. Hocking, George Jacka, F. S. Carlton, Izzy Bismuthal, Christ Schenk, Oscar J. Larson, Charles L. Fichtel, and William B. Anderson.

Precinct No. 4—Ole B. Olson, James Wilson, John MacNaughton, Martin Silva, Alex MacRae, and William Wei.

Precinct No. 5—Thomas Collins, R. C. Chamberlain, W. A. Bateman, Thomas Burgen, Math Salter, and Peter Charrier.

Precinct No. 6—George Calverley, Robert Bennett, John Langford, and Robert Haslet.

Precinct No. 7—James Chynoweth, Barney Shearer, and J. H. Muckala.

The Drinking Fountain.

The village council has decided to fill a long felt want and an order has been sent in for a cast iron drinking fountain to be placed at some convenient location in the village. This has practically been decided upon as near Shea's livery stable which is looked upon as the most centrally located and frequented by teams as any that could have been chosen. The fountain will be a very convenient place for people to drink and will provide a trough for horses and a lapping place for dogs. The expense is not high and the benefit derived will offset this by a long way. The fountains have proven a great convenience in other towns where they have been tried and the one on the location which belongs to the company is used a great deal.

A Political Club.

Now that the silver question has become such a prominent one and is before the people to decide, would not an organization having for its object the enlightenment of its members upon the monetary question be a good thing in our community? Such an organization, known as the Political Club, has been effected at Lake Linden, and much benefit has already been derived from it there. Meetings are held weekly and local speakers of some note make addresses and the time is occupied in other interesting ways. The money question is one which is but vaguely understood by the average voter and unbiased matter on this subject is needed before the political campaign closes this fall.

A Bicycle Meet.

The park association is contemplating the holding of a big bicycle meet, open to the county, some time in August, probably on Saturday, the 7th. No definite arrangements have been made as yet, but a meeting of the board will be held in a day or two, when the date will be decided upon and a program of races and prizes arranged. Bicycling has assumed a prominent place in athletics and many good riders have already shown up. The track will be in excellent shape by August, and the fact that it is the best place in the county to watch a race will undoubtedly be an additional drawing card. Liberal prizes will be offered in each event a full program of which will be published later on.

The Birmingham News, published at Birmingham, Ala., of the 27th ult. contains a long account of the christening of a large engine, "Thomas Seddon," just finished at the Sloss furnace at a cost of \$35,000. The engine, which is of 3,000 horse-power and weighs 300 tons, was manufactured by the E. P. Allis Co., of Milwaukee, and was erected under the superintendence of Mr. Wat Goodsole, the traveling machinist of the manufacturers. It is claimed that the engine is the largest one in the south, and in consequence the christening was made a social function, the most distinguished people in the neighborhood being present, at which our old friend Wat was the hero.

The Calumet saloonkeepers' base ball club is so elated over its recent success over the cigar makers' aggregation that they would like to meet a club from Hancock or Houghton, or one composed of players from both those towns. The local team is not particular whether they play here or in Hancock, but they are anxious for a game. The game with the cigar makers for tomorrow afternoon has been declared off, at least for the present, some of the merchants not having fully recovered from the effects of the last game.

Mr. Sauer Won.

Slayton, Morry & Co., of Detroit, were the plaintiffs and Peter Sauer the defendant in a case in Justice Curtis' court yesterday, in which the plaintiffs claimed \$95 for goods sold and delivered to the defendant. Attorney W. A. Bateman appeared for the plaintiffs, and Mr. Sauer addressed the jury in his own behalf. The defendant plead the general issue. The jury was not out long when they returned a verdict for the defendant.

The Rev. C. S. Eastman last Sunday preached two sermons under the head of "God in Government," at the Calumet M. E. church, which have caused so much stir that we have obtained Mr. Eastman's permission to publish them so that our readers may read, mark, learn and inwardly digest the same at their leisure. The morning sermon appears in today's issue and the evening sermon will be published tomorrow or Friday.

Mrs. Heimes has requested the News to express her most heartfelt thanks to the members of the Calumet Light Guard and to the different companies who composed the militia at Ishpeming for the many kind acts that were done since the sad death of her son, Joseph, and particularly for the monument which was recently erected to his memory, and to assure them that their acts will long be remembered.

Some of the druggists are talking of making a move toward early closing, not as early as the general stores, but an hour or so earlier than at present. It is

reported to the News that some of the proprietors of general stores who signed the agreement to close at 8 o'clock are not adhering to it, and that besides this they do a good business on Sundays as well as weekdays. This is certainly an injustice to the other proprietors of stores.

The Calumet Light Guard commenced rifle practice Monday evening, when a squad was taken out to the range at Tamarack. Another squad of nightshift men was taken out yesterday afternoon and another last evening and the work will be kept up until all the members of the company have made records at the different ranges.

The Hon. John Twoby, one of the municipal judges for the city of St. Paul, who has been visiting his old home in Keweenaw county, paid the News a pleasant call this morning on his way back to St. Paul. Mr. Twoby and family will remain for some weeks visiting friends at Eagle River and neighborhood.

Richard's Art Studio.

Richard's art studio, in Laurium, is now open for business. Prices are, cabinets from \$2 to \$3 per dozen; card size, \$1.50 per dozen; cabinets on aristo platin paper, from \$3 to \$3.50 per dozen; extra large, \$4 per dozen. Edwin Mead is the operator.

On Tuesday next the Young People's society of the Presbyterian church will give an excursion to Isle Royale, from Lake Linden, in the steamer R. J. Stewart. Tickets are on sale at E. Ryan's, J. J. Ellis, Miss McClelland's, in Red Jacket, and Finlayson's in Laurium.

W. E. Rath, of Houghton, was in town this forenoon, billing the city for the appearance of Max Heinrich at Houghton next Thursday. A special train over the Mineral Range railroad will probably be run for the accommodation of Calumet people who may wish to attend.

Mr. and Mrs. Condon, and Miss Scott, of Chicago, accompanied by Miss Noel, of Hancock, visited the different places of interest about the mines and machinery in this vicinity. Miss Scott and Mr. and Mrs. Condon are on a sight-seeing visit to the copper country.

Mr. P. E. McCormack, the bustling insurance agent, of New York, is in the city pushing the policy lately issued by the Washington Life Insurance Co., which is taking like hot cake. He yesterday paid a policy of \$1,000 to the widow of one of our late residents.

A telegram received this morning at the Merchants' & Miners' Bank, states the Boston & Montana mining company has declared a dividend of \$3 per share, payable August 20. This is \$1 above the usual \$2 dividend paid by this company.

Mr. E. R. Ostrander has returned from attending the democratic convention and visiting his wife, who is staying with her aging parents at Geneva Lake, Wis. Mrs. Ostrander's mother is 94, and her father about 88.
